GLOBELINK IS FINALLY IN NORDIC!

The Globelink Group is pleased to announce that we will finally have our own offices in Nordic. We have been in the Nordic market for some time and in line with our expansion strategy and as the opportunity present itself, we have decided that it is time to have our direct presence in this important region.

In collaboration with TransAseco Nordic, we will continue our various direct services in and out of Nordic. In the interim, TransAseco Nordic will acts as the representative office of Globelink. With our global network, we will continue the Nordic story with a stronger presence and tighten control over the service quality which our customers had come to expect. As a neutral NVOCC, we are bringing the Globelink's brand of high service quality and customer experience to the Nordic market with the new set-up in Sweden, Norway, Denmark and Finland. With presence around the world particularly in Asia, our customer will be able to enjoy a more integrated system with strong products and LCL solutions for their LCL cargo.

With its roots in Singapore since 1988, Globelink is a leader in handling LCL consolidation cargo around the world. Globelink has a presence in 32 countries with a global coverage of a quality network. With global expertise and market insight, Globelink continues to create synergies and opportunities that benefit both existing and new customers.

GLOBELINK IS FINALLY IN NORDIC!

TransAsecoco has since its launch in 1998 developed a well-established position as a LCL consolidator in the Nordic market. TransAsecoco has its own offices in Norway, Sweden, Denmark, and Finland. Their reputation is based on providing high-quality services, local market knowledge, long experience in handling LCL shipments, and overall business stability. TransAsecoco is a Nordic company that speaks the local language with the deep knowledge and understanding of the local markets in the respective countries.

With effect from 1st November 2021, all bookings will be consigned to our interim agent TransAsecoco Nordic until our offices become operational.

Details of our new offices are as follows:

GLOBELINK TIANJIN'S LATEST ACHIEVEMENTS

Advanced Authorized Economic Operator (AEO) Certification (高级认证企业)

We are proud to share that Globelink Tianjin has been assessed and accredited the Advanced Authorized Economic Operator (AEO) Certification (高级认证企业) by the Tianjin Customs.

The AEO concept is introduced by the World Customs Organisation (WCO) to develop a framework of standards to help support and secure international trading activities.

China is one of the many countries who is participating in this framework, and the China AEO certificate specifies the company's enterprise classification. Being an Advanced Certified Enterprise brings many benefits to the company, such as priority goods inspection, lower inspection rate, faster customs clearance etc.

With this Advanced AEO certification, it will further enhance our capabilities and strengths of Globelink Tianjin. With the additional assurance to our customers, we will continue to enhance our service offerings and provide the great level of service that our customers have grown accustomed to.

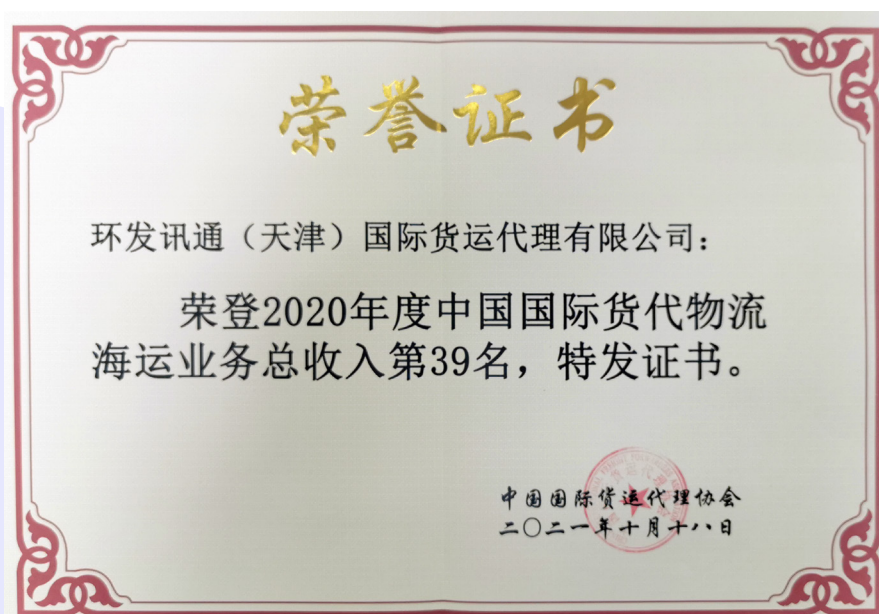

GOBELINK TIANJIN'S LATEST ACHIEVEMENTS

Ranking for 2020 (by China International Freight Forwarders Association – CIFA)

This is a yearly compilation of data publicly of the China's freight forwarding and logistics industry, based on overall revenue.

For Year 2020, we are proud to announce that Globelink Tianjin is ranked #66 based on overall, and #39 for Sea Freight category. With the massive market size and the huge number of forwarders in China, we are proud to have come so far to be amongst the top 100 forwarders.

Globelink Tianjin takes this opportunity to thank all our customers for their support in 2020, and we look forward to your continual support for 2021 and in the years beyond!
