COUNTRY FOCUS - EGYPT

Globelink Egypt was established in 2006 as a subsidiary of CWT Globelink Group. Today we are one of the leading NVOCC operators with presence in 4 locations locally :

- Alexandria (Head Office)
- Cairo
- Port Said
- Merghem CFS (Alexandira)

Our Service Portfolio includes Sea-Freight NVOCC consolidation, Freight Forwarding and Airfreight with a complete Logistics value adding services. Currently we are one of the leading NVOCC providers in Egypt offering worldwide coverage through direct and transshipment services.

Globelink-Egypt is the number one export provider for LCL services in Egypt, however, our market share average within 15% of total import consolidated cargo to Egypt.

Globelink Egypt is your trusted partner as we are certified by IATA & Fiata to assure providing our services with highly qualified measures

We are also a member of Global Consolidator Alliance, giving us a powerful worldwide Agency network

COUNTRY FOCUS - EGYPT

GLOBALINK-EGYPT SCOPE OF SERVICES:

Sea Freight (LCL/FCL)

Customs Clearance

Inland Transportation

Project Cargo

Warehousing

Multimodal Logistics

With our complete logistics solutions, you can dedicate your valuable time and resources to your core business and trust leaving all those complex processes to us.

When you need a reliable service yet you want to keep costs down you can consider using our flexible Sea freight services, specially our Less Container Load for small shipments. However, our complete services include also full containers (DRY/Reefer), general break bulk cargo and projects oversized shipments. We have all what you need with the option of delivering straight to your door step.

We offer professional Custom Clearance services to help our customers in receiving their cargo smoothly, safe and on time overcoming the maze of regulations, security and complicated requirements of customs authorities.

We also offer inland trucking facilities in full Trucks and Less Trucking Load trough out all destinations in Egypt, can also offer ex-work services in cooperation with our Agents worldwide.

When Sea Freight is too slow and air freight is too costly & when there is not a single mode scheduled service to your destination, you can consider using our multimodal services. We give you greater transparency by letting you know the exact location of your cargo at any point in time.

BROWN MARMORATED STINK BUG (BMSB)

SEASON 2021-2022

The Australian Government Department of Agriculture have just released measure for Brown Marmorated Stink Bug (BMSB) season 2021-2022.

For the 2021-22 BMSB risk season, BMSB seasonal measures will apply to targeted goods manufactured and shipped from target risk countries that have been shipped between **1 September 2021 and 30 April 2022** (inclusive) and to vessels that berth, load, or tranship from target risk countries within the same period.

TARGET RISK COUNTRIES

Any target high risk or target risk goods which are manufactured in or shipped from the target risk countries will be subject to the BMSB seasonal measures. Any vessel that berths at, loads, or tranships from the target risk countries is also subject to the BMSB seasonal measures.

The following countries below have been categorised as target risk:

Albania	Kazakhstan
Andorra	Kosovo
Armenia	Liechtenstein
Austria	Luxembourg
Azerbaijan	Montenegro
Belgium	Moldova
Bosnia and Herzegovina	Netherlands
Bulgaria	Poland
Canada	Portugal
Croatia	Republic of North Macedonia
Czechia	Romania
France	Russia
Japan (heightened vessel surveillance will be the only measure applied)	Serbia
	Slovakia
	Slovenia
Georgia	Spain
Germany	Switzerland
Greece	Turkey
Hungary	Ukraine
Italy	United States of America

The following countries have been identified as emerging risk countries for the 2021-22 BMSB risk season and may be selected for a random onshore inspection: **Belarus, Malta, Sweden, United Kingdom, and Chile.**

BROWN MARMORATED STINK BUG (BMSB) SEASON 2021-2022.

TARGET HIGH RISK GOODS

Goods that fall within the following tariff classifications have been categorised as target high risk goods and will require mandatory treatment for BMSB risk.
